

HELIOCUT™

1 Two-Piece Nozzle

- HelioCut's two-piece nozzle quickly and effectively establishes an arc while creating a fully static electrical path for your electrode

2 High Contact Force (HCF) Electrode

- HelioCut's motionless electrode creates a stronger, more secure connection to your torch

BENEFITS

HCF Improves Electrical Conductivity

- Decreases Consumable wear
- Longer Life at Lower Cost

TORCH COMPATIBILITY

HelioCut consumables suitable for

- Hypertherm® Duramax® torches on:
Powermax45XP® Powermax65® Powermax85®

One kit provides everything needed to start saving today.*

Available in 45amp, 65amp and 85amp.

* For optimal performance, the use of HelioCut shield and retainer is recommended.
