OXY-FUEL

WELDING, CUTTING & BRAZING OUTFITS

Durable

Brass & stainless steel construction with forged and extruded brass components for durability.

Any Fuel Gas

Complete High Performance Kits available for Oxy-Acetylene and Alternative Fuels (Natural Gas, Propane, Propylene).

ProMix™ Inside (For Victor® Style Kits)

Standard with Victor® style kits. Proven design and precision machined parts insure maximum performance and minimize flashback resistance. See "ProMix Inside" below.

Performance Tested

American Torch Tip ProMix™ mixers and cutting tips are leak and/or flame tested to assure you quality cuts and safe operation.

UL Listed

Product fulfills UL requirements.

OXY-FUEL

WH-315 & WH-100 Welding Handles by American Torch Tip

Oxy-Fuel

SPECS

Victor Style WH-315 (Heavy Duty) WH-100 (Medium Duty)	Welding Nozzle W (Heavy Duty) W-1 (Medium Duty)	Gas Type Acetylene	Heating Nozzles MFA, MFI (Heavy Duty) MFA-1 (Medium Duty)
Fits Cutting Attachments CA-2460-D (Heavy Duty) CA-1350-D (Medium Duty)	Tip Series 1-101, 3-101, GPP, 3-GPP, SPN, 3-GPN	Fuel Gas Propylene Natural Gas / Propane	

Durable
Forged and extruded brass components

Tube Within Tube
Double walled construction

Use Any Fuel Gas
You'll get high performance with all fuel gas types by simply selecting the proper tip for your selected fuel gas.

100% Tested
All American Torch Tip Gas Apparatus is 100% leak and/or flashback tested.

Check valves and flashback arrestors are available separately.

Check Valve CV-O, CV-F Flashback Arrestors TFBA-O, TFBA-F

Oxy-Fuel Instruction Manual
 Setup and operation safety instructions for cutting, heating, welding and brazing equipment

Read operating instructions before use.

OXY-FUEL

SPECS

Type Heavy Duty Tool Box Complete Kit	Cutting Range up to 8" (204 mm)	Gas Type Acetylene	Mixer Type ProMix™
Regulators 400 Series	Welding up to 3/8" (9 mm)	Fuel Gas Propylene Natural Gas / Propane	Head Angle 90 degrees
	Tip Series 1-101		

Super Tough
Brass & stainless steel construction with forged and extruded brass for durability.

Use Any Fuel Gas
You'll get high performance with all fuel gas types by simply selecting the proper tip for your selected fuel gas.

Durable ProMix™
Proven design and precision machined parts insure maximum performance and long lasting heat and flashback resistance.

Lower Consumables Cost
Multi-Use™ quick change tips save up to 60% in consumables cost.

Less Down Time
Increase your efficiency and productivity by spending less time on consumables replacement and repair with longer lasting American Torch Tip equipment.

100% Tested
All American Torch Tip products and ProMix™ mixers are 100% leak and/or flashback tested.

Also Available
CGA 300, VSR-461-510 all fuel gas regulator, "T" grade hose

Universal Multi-Use Adapter

Interchangeable Multi-Use Tips For Every Purpose

ATTC® Multi-Use Tip System
Gives you the ability to transform your torch into a multi-use tool for cutting or heating applications. Save money when you replace your standard tips with multi-use.

Outfit Includes:
 Series 400 Regulators
 WH-315 Welding Handle w/ accessory check valves
 CA-2460-D Cutting attachment
 W-2 welding nozzle - size 2
 Multi-use tip system
 V-40 Adaptor with M6-1 cutting tip end
 20 ft - 1/4" R grade twin hose
 Goggles, Striker, tip cleaner set, Tool box

AMERICAN TORCH TIP

MULTI-USE UNIVERSAL TIP SYSTEM

Multi-Use™
Universal Tip System

The **ADAPTER** rarely wears out.
No need to replace.

The **TIP** is the only portion that has to be replaced.
No need to throw away the whole tip!

Easy Upgrade

Step 1
Remove standard tip

Step 2
Replace with universal adapter

Step 3
Screw any Multi-Use tip onto adapter

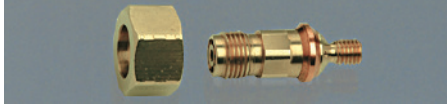

Benefits:

- Quick and easy tip changes
- Only one adapter needed for each torch
- Every Multi-Use tip fits every adapter
- Virtually eliminates torch head re-seating
- Tip inventory can be reduced
- Heat, cut and weld with the same torch
- Adapters and tips for all gases

A simple effective upgrade that can save you as much as 60% in replacement tip costs.

AMERICAN TORCH TIP ATTC
WH-315 & WH-100 Welding Handles by American Torch Tip

Oxy-Fuel

SPECS

Victor Style WH-315 (Heavy Duty) WH-100 (Medium Duty)	Welding Nozzle W (Heavy Duty) W-1 (Medium Duty)	Gas Type Acetylene	Heating Nozzles MFA, MFN (Heavy Duty) MFA-1 (Medium Duty)
Fits Cutting Attachments CA-2460-D (Heavy Duty) CA-1350-D (Medium Duty)	Tip Series 1-101, 3-101, GPP, 3-GPP, SPN, 3-GPN	Fuel Gas Propylene Natural Gas / Propane	

Durable
Forged and extruded brass components

Tube Within Tube
Double walled construction

Use Any Fuel Gas
You'll get high performance with all fuel gas types by simply selecting the proper tip for your selected fuel gas.

100% Tested
All American Torch Tip Gas Apparatus is 100% leak and/or flashback tested.

Check valves and flashback arrestors are available separately.

Check Valve CV-O, CV-F Flashback Arrestors TFBA-O, TFBA-F

Oxy-Fuel Instruction Manual

Setup and operation safety instructions for cutting, heating, welding and brazing equipment

Read operating instructions before use.

AMERICAN TORCH TIP ATTC
VHSTB Welding, Cutting & Brazing Outfits by American Torch Tip

OXY-FUEL

SPECS

Type Heavy Duty Tool Box Complete Kit	Cutting Range up to 8" (204 mm)	Gas Type Acetylene	Mixer Type ProMix™
Regulators 400 Series	Welding up to 3/8" (9 mm)	Fuel Gas Propylene Natural Gas / Propane	Head Angle 90 degrees
	Tip Series 1-101		

Super Tough
Brass & stainless steel construction with forged and extruded brass for durability.

Use Any Fuel Gas
You'll get high performance with all fuel gas types by simply selecting the proper tip for your selected fuel gas.

Durable ProMix™
Proven design and precision machined parts insure maximum performance and long lasting heat and flashback resistance.

Lower Consumables Cost
Multi-Use™ quick change tips save up to 60% in consumables cost.

Less Down Time
Increase your efficiency and productivity by spending less time on consumables replacement and repair with longer lasting American Torch Tip equipment.

100% Tested
All American Torch Tip products and ProMix™ mixers are 100% leak and/or flashback tested.

Also Available
CGA 300, VSR-461-510 air fuel gas regulator, "T" grade hose

Universal Multi-Use Adapter

Interchangeable Multi-Use Tips For Every Purpose

ATTC® Multi-Use Tip System
Gives you the ability to transform your torch into a multi-use tool for cutting or heating applications. Save money when you replace your standard tips with multi-use.

Outfit Includes:
 Series 400 Regulators
 WH-315 Welding Handle w/ accessory check valves
 CA-2460-D Cutting attachment
 W-2 welding nozzle - size 2
 Multi-use tip system
 V-40 Adaptor with M6-1 cutting tip end
 20 ft - 1/4" R grade twin hose
 Goggles, Striker, tip cleaner set, Tool box
